

The map displays the following geological formations and sampling points:

- Geology Legend:**
 - Talamarang Formation (Blue)
 - Gyalthum Formation (Green)
 - Bolde Quartzite (Yellow)
 - Timbung Formation (Orange)
 - Golphu Formation (Purple)
- Sampling Points (Numbered Circles):**
 - Point 1: Yellow circle, located in the Bolde Quartzite area.
 - Point 2: Cyan circle, located in the Gyalthum Formation area.
 - Point 3: Cyan circle, located in the Gyalthum Formation area.
 - Point 4: Cyan circle, located in the Gyalthum Formation area.
 - Point 5: Yellow circle, located in the Bolde Quartzite area.
 - Point 6: Green circle, located in the Gyalthum Formation area.
 - Point 7: Purple circle, located in the Gyalthum Formation area.
 - Point 8: Green circle, located in the Gyalthum Formation area.
 - Point 9: Cyan circle, located in the Gyalthum Formation area.
 - Point 10: Cyan circle, located in the Gyalthum Formation area.
 - Point 11: Yellow circle, located in the Bolde Quartzite area.
 - Point 12: Purple circle, located in the Gyalthum Formation area.
 - Point 13: Green circle, located in the Gyalthum Formation area.
 - Point 14: Purple circle, located in the Gyalthum Formation area.
 - Point 15: Yellow circle, located in the Bolde Quartzite area.
